New Air Strip

Work began this week on a new airstrip at Sir Sam's Inn which will no doubt be a decided asset to this new year round resort.

Air travel is becoming more popular every year and in the not too distant future, an airstrip will be as important to a resort as parking space is today. Mr. Percy Lymburner is in charge of the construction operations.

Late News Flash

When getting into her car at the rear of Easton's Red and White on Wednesday evening after attending the carnival, Mrs. James Perrin noticed one of the back doors ajar. Thinking this was odd she decided to see if anyone was inside, and there was but he rushed out before she could get a real good

in these sections too.

At present, many splendid donations are being received by businesses and individuals for special events and awards.

Many concession spaces have already been reserved. It is expected that there will be a big entry in the Church Organization's Display this year "Aprons on Parade."

Search Halted For Victim Of Drowning

MINDEN (ENS) — Provincial Police at Haliburton said last week they have called off the search for the body of Jack Everets, 39, of Cayuga, who drowned in Gull Lake, six miles south of Minden last Wednesday.

Skindivers from Oshawa searched the area Thursday afternoon but were unable to locate the body. There does not appear much hope of finding the body unless it comes to the surface, said a police officer.

Mr. Everets and his sons, Brian, 14, and Daniel, 9, were fishing when their 15-foot fibre glass power boat was swamped by a heavy wave and capsized. The depth of the water where the drowning occurred varies between 100 and 140 feet. The two Everets children were rescued by occupants of a sailboat after clinging to their overturned craft for about 15 minutes.

Minden Kinsmen Auction Sale To Be Held This Saturday

A full page advertisement in this week's Echo carries the information that the Minden Kinsmen Club are holding a huge Auction Sale and we note that among the articles listed is an organ 160 years old. Many other items such as beds, desks, chairs, skis and many other numerous articles will be on the auction block.

Children's Playground and for Senior Citizens' Entertainment. Place of sale is Minden Arena. The date is Saturday, August 7. Starting time is 2 p.m.

Cabin Burns At Paradise Lodge

The Haliburton Fire Department were called to a fire at Paradise Lodge near Haliburton on Tuesday morning. One of the cabins burned to the ground. Quick action on the part of the Fire Department saved the blaze from catching on to other nearby cabins.

THEY'RE IN THE RUNNING

WILLIAM SCOTT

Pictured above is William Scott of Kinmount who is seeking the Conservative nomination in Lindsay on Saturday.

Bill, as he is known to a host of friends, has been Association President and during that time saw the late Charles Lamb and later Glen Hodgson successful at the polls.

If Bill Scott can put as much behind his nomination campaign as he does the Kinmount Fair he can be counted on to make his presence known on Saturday

HARRY CURRY BISHOP

Though Harry Curry Bishop of Haliburton was the last one to announce that he would be a candidate in Saturday's nomination to be held in Lindsay he has not been letting the grass grow under his feet.

Immediately after he had made the decision to enter the contest he went to work and one day later had his publicity campaign underway and at time of writing he would appear to be enlisting considerable support.

WALTER L. HOBDEN

Walter L. Hobden of Eagle Lake who is endeavoring to secure a place in the political sun on Saturday at the P.C. Convention, which will select a federal candidate.

This is Walter's first entry into the field of federal politics but his interest and success in municipal affairs and the active part that he has played in the Young Progressive Conservative Association give one the impression that this young man really knows his way around as far as politics are concerned.

ROY E. WINDOVER

Pictured is Roy E. Windover of Minden, contestant for the Progressive Conservative nomination for Victoria-Haliburton, North Ontario riding.

Mr. Windover is President of the district Riding Association, Executive Member of the Ontario Progressive Conservative Association and a long time worker for the P.C. Party.

The Nomination Convention will be held in Lindsay, August 7th, 12:30 p.m. at the L.C.V.I.

John A. Cooper

Readers will regret to learn of the death of John Arthur Cooper of West Guilford, which occurred on Thursday, July 22.

The deceased was the beloved husband of Mary Jane Bird, in his 87th year.

The funeral service was held at the Gospel Chapel, West Guilford. Interment was at the Maple Lake Cemetery.

Pair Injured In Collision

MINDEN (ENS) — Two persons sustained minor injuries in a two-car crash on Highway 35 north of Minden recently. Drivers of the vehicles were Charles Sibbitt, North Bay, and Raymond Banner of Milton. Valerie Banner, 8, was given outpatient treatment at the village Red Cross Hospital for minor cuts and bruises and Mr. Sibbitt had several stitches administered to a wound to his lower lip.

Ontario Provincial Police estimated damage at \$1,000.

William Todd, Minden, was driver of a car which sustained damage estimated at \$100 when it ran off the road just east of the village last Saturday.

WHEN THE WELL LOOKS DRY

Ever had your water cut off? It happened to us the other day. And that rather vulgar expression, along with an older one, "You never miss the water till the well runs dry", assumed new meaning.

My wife's dad, a 110-pound strip of whipcord with one arm, suddenly got sick, one of the few times in his life. We lit out for the homestead to lend a hand, while he was in hospital.

Everything went fine until about 11 p.m., when we decided to have a cup of tea before retiring. A trickle came out of the tap, and stopped.

My father-in-law is one of that vanishing species of rural dweller who, besides being able to tell the weight of a cattle-beast and know when it's going to rain, is a carpenter-bricklayer-plumber-millwright. He could build a bridge across the St. Lawrence with some wire, a plank or two, a shovel, an iron bar, and a couple of tin cans.

In contrast, I am one of that rapidly-increasing breed that couldn't build a bridge across a trout stream with 200 tons of steel, eight carloads of cedar planks, twelve bulldozers and six civil engineers.

So there I was. Grandad in the hospital. And me out there on the ranch, with no water supply, and three women on my hands, each of whom suddenly had to use the toilet and had a feverish thirst.

I tried to imbue them with the old pioneer spirit, when you had to walk two miles to the spring for water, through thickets of black bears. They were not impressed. All they wanted to do was go to the bathroom.

I went down the cellar, and looked desperately around. There were switches and pumps and hot-water tanks and cold-water tanks, and pipes running in every conceivable combination. Don't sneer, Mac. Do you know the ins and outs of a pressure system?

Granny started to panic about the hot-water tank blowing up. I unscrewed some fuses. The first plunged the house into darkness. The second put the refrigerator out of order (which we discovered next morning.) I pulled a switch. The furnace went on.

I peered at pumps, gazed at gauges, then I pronounced, "the well's gone dry." It was the only thing I could think of, and at midnight, who was going to argue? Granny came up with some folk-lore about priming the pump, but I assured her that modern electric pumps didn't need priming. We went to bed, disgruntled, and thirsty as explorers of the great Gobi desert.

Bright and early, the plumber arrived. He said the first thing to do was prime the pump. He poured 843 teapots full of water down the pipe. I held the flashlight. No results. Female relatives, looking a bit frantic, peered down the cellar stairs about every four minutes. In the old days, there'd have been a two-holer within range. But these modern farm houses have everything. Except an outdoor privy.

Eight hours and many dollars later, we had: five men on the job; torn up a great chunk of the lawn with a digger; found the well; pulled up 90 feet of plastic pipe; lost all the females to various plumbed establishments in town; and found the trouble.

Nope, the well wasn't dry. It was almost overflowing from all those tea-pots of water poured in. Nope. The pipes hadn't burst. Yup. There was something stuck under the foot-valve. One of the legs had broken off the poppet, a 60-cent item, and had prevented the jet in the foot-valve from jetting, and the pump was pumping air. Now, is that clear? If it isn't, hold your peace. That's what the man said.

And it certainly helped me decide what I'm going to do in summer holidays from now on. I'm going to pick up a bunch of firm-legged poppets and go around the country helping people whose water has been cut off. Just give me a call.

This I Remember

(Continued from Last Week)

The school building was painted red with gleaming white porches and window trim. On a bright spring morning, one of these tours revealed the pupils' names scribbled in pencil or crayon all over the white paint of the porches. Desecration such as this was something not to be tolerated!

After prayers that morning we were told of our offence and how bad it was. Our only salvation was to spend recess removing all traces of our crime. Furthermore we were to remember the following couplet: "Fool's names as well as faces. Are often seen in public places."

To assist us in remembering we were to write it ten times on our slates and show it to Mr. McFadyen by four o'clock. The fact that only two or three had done the writing made no difference. Each was responsible for his or her own name. This was no fun at all. Moreover it was not the type of adventure most of us told about at home. So for that day at least we were a subdued lot.

Mr. McFadyen Turns Pale

The most exciting day in Mr. McFadyen's reign occurred in the late winter of 1904, if the Rotary Booklet is correct. One bright sunny afternoon we were all hard at work, when suddenly without any warning we heard a most terrific splintering crash that made us all jump.

A rush to the windows followed an excited shriek from the boy's side "The rink's caved

in." This in turn was as quickly followed by the command in a terrible voice "Return to your seats at once" from a teacher whose face was hardly recognizable. Our Mr. McFadyen who usually got turkey-red when he was angry was white as a sheet.

The rink had been built two years previously by a group of younger men who had, I believe, pooled their resources. In all likelihood they had invested a great deal of time and labour and more money than they could afford to lose. Everyone knew the snow was too deep on the roof but hoped for the best. Mr. McFadyen was one of the shareholders. The children often went directly to the rink after four. No wonder he turned pale.

The one cause for thanksgiving on this gloomy occasion was the fact that we were still in school and not buried in the wreckage as we well might have been had it occurred an hour late.

Mr. McFadyen boarded at the Grand Central I think. When he set out to have his noon meal he was immediately surrounded by small girls all hoping for a chance to walk home holding his hand — a privilege highly esteemed. This was a time for jokes and much laughter and must have been extremely wearing to poor Mr. McFadyen as he decided who was to be thus honoured. We had to take turns of course. The losers clustered round as closely as possible, impeding progress and hoping to be noticed at least once.

Mr. and Mrs. John McKee and family are with Mr. and Mrs. W. Ferguson on Beech Lake for a holiday.

Many thanks to Mr. Stan Dawson who removed the little refreshment stand from its position, as now again, the motorist has a clear view of that bad corner, and it also adds to the attraction of Stan's lawn.

July has sure frowned on the countryside. It has been very cool and damp down in the low thirties several nights.

Several from Maple Lake attended a miscellaneous shower at the West Guilford Gospel Chapel Auditorium last week in honour of Miss Kay Turriff's wedding to Mr. Perry Morrison August 7, and given by Mrs. Alma Morrison and assisted by several of the West Guilford neighbours.

We are sorry to hear of the sudden illness of Mr. Bert Boice of West Guilford. Maple Lake friends wish him a speedy recovery.

Those on the sick list that we know about are Mrs. Johnston, Mrs. J. Morrison, Mrs. Leitha Welch, while Mr. Len Upton is feeling better these days. Don't forget the sick and shut-ins in the busy summer rush.

ing a week among relatives.

Lands and Forests Report

KAWARTHA LAKES

FISH TAGGING

by J. J. Armstrong, Biologist

The first stage in the netting and tagging of game fish in Pigeon and Sturgeon Lakes was completed at the end of June 1965. The following table shows the results of this work for the two lakes.

Netting Tally, Kawartha Lakes Management Unit

Period: 5th May 1965 - 12th June 1965, PIGEON LAKE.

Species	Clipped	Tagged
Maskinonge	3	113
Walleye	187	928
Smallmouth Bass	3	72
Largemouth Bass	3	67
	196	1180

Total Game Fish for this period - 1376.

Period: 16th June 1965 - 30th June 1965, STURGEON LAKE.

Species	Clipped	Tagged
Maskinonge	0	6
Walleye	320	701
Smallmouth Bass	8	38
Largemouth Bass	0	1
	328	746

Total Game Fish for this period - 1074.

This table reveals that the netting crews have had no difficulty obtaining game fish in either of these lakes. Evidence of high populations of walleye especially was indicated by the low number of tags recovered during the netting operations.

The second stage of the netting and tagging operations was commenced in the east arm of Sturgeon Lake during the last week of July, later the netting crew will move to the southern portion of Pigeon Lake.

Anglers are again requested to assist in this programme by returning all tags from recaptured fish.

Information on length, weight, date caught and location will also be of great value.

If you send in the number without the tag, please record the number correctly.

CHURCH NEWS

Local Jehovah's Witnesses Attend District Assembly

About 100 Haliburton area delegates are back home following a four-day district assembly of Jehovah's Witnesses in Peterborough which saw attendance figures reach 6,740.

An early estimate of peak attendance had been 4,500. The pressure of mounting numbers of delegates led to an appeal for additional sleeping accommodations by assembly officials. A small tent city complete with temporary roads, lighting and water service was set up on a nearby farm, for 600 delegates.

Mr. Borden, presiding minister for this area, said the peak attendance was at a public Bible lecture Sunday afternoon. This was delivered by G. W. Sallis, representative from the Toronto branch headquarters of the Watch Tower Society.

"World government is necessary to the preservation and happiness of the human family. This fact is being admitted more and more as time goes on," Mr. Sallis said.

"But can it come only by human means? Is man of this so-called brain age the final one for us to look to for bringing in the all-necessary world government?" he asked.

"Is there nothing beyond man and his boasted science to which to look and to appeal? Happily there is," he said.

The speaker said the Great Governor of the universe would not find it difficult to govern the earth at the time he purposes.

"However," he noted, "the 'kingdoms of the world' must make way before the world government of the Prince of Peace.

Then the world government on the shoulder of the Prince of Peace will hold uncontested sway over all the earth. Its program of work for all mankind, living and dead, will be no so-called five-year plan that is limited to the brief life span of a human ruler," he continued.

"According to God's word it will be a thousand-year program of work without interference of the Devil and his demons."

Mr. Sallis appealed to his listeners to "seek that everlasting life as offered by the Lord God through his Prince of Peace and through the world government resting on his shoulder."

Sessions concluded Sunday shortly before 6:00 p.m.

Activity then focused on dismantling equipment and sweeping and mopping the Memorial Centre. Mr. Borden said about 400 volunteers cleared the arena by 10:00 p.m.

"The objective of the convention was realized," Mr. Borden said. "Many religions today

are losing sight of the value of the Bible and its purpose, but this convention brought sharply into focus the accuracy of the Scriptures and their practical value for our time."

Friday morning, 83 persons were immersed in a nearby pool to symbolically demonstrate their dedication to serve the interests of their God, Jehovah.

Throughout sessions, no attempt was made by the witnesses to collect funds. The Peterborough assembly is one of 30 being held across North America this summer under the sponsorship of the Watch Tower Society.

July 24th, 1965.

all partook of a hearty meal.

The president, Mr. Albert
Hadley, welcomed all, especially
the newcomers. His wife, Mrs.

of 1964.

sulted in Mr. Robert Hadley of
Barrie being appointed presi-
dent, and his wife Patricia ap-

Rotary Parade

(Continued from Page One)

out weren't disappointed as the parade provided fun and excitement for all. The big event didn't lack for music as four bands, the Lindsay Cavaliers, Little Britain Band, Camp White Pine Band and the Haliburton Royal Canadian Legion Band plus several pipes supplied stirring music along the parade route, which started at the Fair Grounds and then down the Main Street around town and ending up at the new Arena and Community Centre. Many new boys and girls' camps were entered in this year's gala affair along with new lodge entries plus floats from around the county.

Following the parade thousands of people crowded into the new Arena for fun and games.
